

Application

- ▶ Easy-fit gear for wood or composite folding doors, with silent nylon spring-loaded guides in an aluminium top track.
- ▶ The spring-loaded end pivot arrangement allows leaves to fold completely flat for unimpeded access to walk-in cupboards and wardrobes.
- ▶ Any number of two leaf units can be used for an opening, each anchored by top and bottom pivots.

Door Specification

Max leaf height	2400mm
Max leaf width	530mm
Leaf thickness	16-35mm

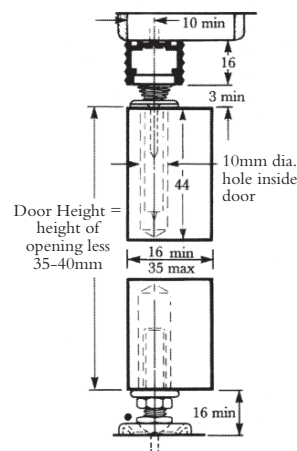

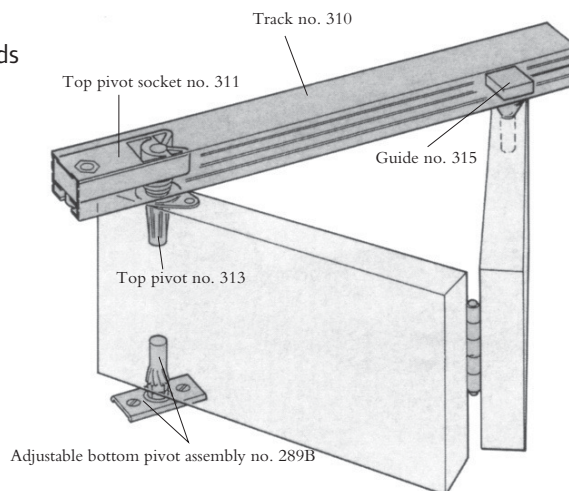

Kit Sets
